2. **Tamakoshi Jalvidhyut Company Limited** invites electronic bids from eligible bidders for the construction of “**Contract 2: Electro-Mechanical Equipment and Transmission Lines Works**” of **Tamakoshi V Hydroelectric Project** through Plant and Design-Build (DB) mode under **International Competitive Bidding – Single Stage Two Envelope Bidding procedures**. Only eligible bidders with the following key qualifications should participate in this bidding:

Minimum Work experience of similar size and nature:

- a. Participation as Prime contractor or joint venture partner, in at least one EPC/Turnkey/DB Contract within the last ten (10) years, with a value of at least equivalent **US \$ 23,450,000.00 (In Words: United States Dollar Twenty Three Million and Four Hundred Fifty Thousand Only)** that have been successfully or are substantially completed and that are similar to the proposed works. The similarity shall be based on the physical size, complexity, methods, technology or other characteristics as described in Section VI, Employer’s Requirements.
- b. For the above 2a or other contracts executed during the period of last ten (10) years, a minimum construction experience in following Key Activities:
  1. Complete design and inhouse manufacture / supply, erection, testing and commissioning of Turbine with per unit of 25 MW or higher capacity in at least two (2) different hydropower project that have been in successful operation for at least two (2) years as of bid submission deadline evidenced by respective user’s certificate. Out of two Projects, at least One (1) should be vertical Francis turbine & One (1) should be outside the country of manufacturer.
  2. Complete design and inhouse manufacture / supply, erection, testing and commissioning of Generator with Per unit of 32 MVA or higher capacity in at least two (2) Hydroelectric Project, that have been in successful operation for at least two (2) years as of bid submission deadline evidenced by respective user’s certificate. One (1) project should be outside the country of manufacturer.
  3. Complete design, manufacture, supply, erection, testing and commissioning of 220 kV or higher voltage level GIS equipment that have been in successful operation for at least 2 years as of bid submission deadline.
  4. Complete design, manufacture, supply, erection, testing and commissioning of minimum

**TAMAKOSHI V HYDROELECTRIC PROJECT**

- two (2), 220kV or higher voltage level Power Transformers, each with minimum capacity of 32 MVA that have been in successful operation for at least 2 years as of bid submission deadline.
5. Complete design, manufacture, supply, erection, testing and commissioning of one (1) Hydro Plant Control system with minimum capacity 25 MW including SCADA and Telemetry that have been successfully in operation for at least 1 years as of bid submission deadline.
  - c. Minimum Average Annual Construction Turnover of the best 3 years within the last 10 fiscal years: **US \$ 21,400,000.00 (In Words: United States Dollar Twenty-One Million and Four Hundred Thousand Only)**
  - d. Bidding capacity should be equal to or more than **US \$ 37,130,000.00(In Words: United States Dollar Thirty-Seven Million and One Hundred Thirty Thousand Only)**
  - e. Able to demonstrate adequate Manpower and Equipment to be used for the Project.
  - f. Able to produce Concept paper for Understanding of the Project and Proposed Design
